MasterSure® Z 60 for Consistent Concrete

Learn what the industry is saying about the latest innovation in workability control.

MasterSure Z 60 workability-retaining admixture is helping concrete producers around the country improve quality and save money. The following quotes came from ready-mixed and precast/prestressed concrete producers who have used this innovative admixture technology.

“MasterSure Z 60 is a huge relief for quality control people.”

Tom Kindt, Pennsy Supply, Inc.

How MasterSure Z 60 creates operational efficiencies...

“We no longer need to babysit color jobs with a technician on site.”

Mark Moyer, New Enterprise Lime and Stone Co., Inc.

“Drivers do not need to adjust loads on site, improving truck turn-around time.”

Rene Silva, ML Ready Mix Concrete

“It allows our finishers to take their time and get a better finish on the product.”

Bobby Rochester, Metromont Corp

“We have less QC issues.”

Tim Kindt, Pennsy Supply, Inc.

“Any required concrete quality testing is done at the plant now, rather than at the job.”

Rene Silva, ML Ready Mix Concrete

**“MasterSure Z 60
allows us to ship
farther while
still maintaining
workability.”**

Tom Kindt, Pennsy Supply, Inc.

How MasterSure Z 60 improves performance...

“Prior to using MasterSure Z 60 we were losing slump and experiencing variable air contents between the plant and the jobsite.”

Rene Silva, ML Ready Mix Concrete

“Contractor customers are commenting on how consistent the concrete is from batch to batch.”

Tom Kindt, Pennsy Supply, Inc.

“I am no longer using a retarder. MasterSure Z 60 allows me to keep my working time without delaying concrete set.”

Bobby Rochester, Metromont Corp

“The finishers love it!”

Bobby Rochester, Metromont Corp

“MasterSure Z 60 saved the job for us!”

Mark Moyer, New Enterprise Lime and Stone Co., Inc.

How MasterSure Z 60 saves cost...

“MasterSure Z 60 has a lot of benefits and saves us both time and money.”

Rene Silva, ML Ready Mix Concrete

“It’s like insurance... it more than pays for itself.”

Mark Moyer, New Enterprise Lime and Stone

Wide-ranging Applications

Customers report using MasterSure Z 60 workability retaining admixture in the following applications:

- High-strength concrete
- Concrete with corrosion inhibitor
- Accelerated concrete
- Decorative, colored concrete
- Curb and gutter concrete
- Precast/prestressed concrete
- Green Sense® Concrete
- Pumped mixes, high-rise mixes, and state DOT mixes
