City View Mansion

The Background

City view mansion situated on the edge of the Nile valley, on twenty one thousand square meters of land, with six thousand square meters of built-up area overlooking the pyramids of Giza, this one of a kind, custom-design luxury residence. Designed by one of the leading international design firms, HBA in San Francisco – and the prominent regional landscape design firm, Cracknell in Dubai, this mansion is a unique masterpiece in the heart of Giza.

The Challenge

- To enable attractive building surfaces especially exterior facades.
- For the application of natural stones a deep knowledge of characteristics of different stone types are needed.
- The materials for tile fixing and joint grouting have to fit with high quality and specific needs of the different stone type.

The PCI Carra-Range, the safe choice for natural stones.

The Solution

With expert know-how and specialty products, the PCI Carra range for natural stones applications has developed a flexible and effective range of products which meet all the specific needs and characteristics of natural stones and which guarantee an easy and trouble free installation and long service life.

The Customers Benefit

The client was satisfied with the performance of Master Builder Solutions products, the implementation, follow up and especially our solutions are simple while meeting top standards.

Project facts at a glance:

- White color, no staining from adhesive bed especially with white marble, if the installation method is the buttering floating method.
- Temperature resistance.
- High barrier effect, help prevent efflorescence or discoloring from the bedding mortar.

Master Builders Solutions by MBCC Group

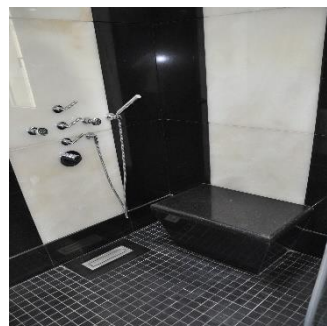

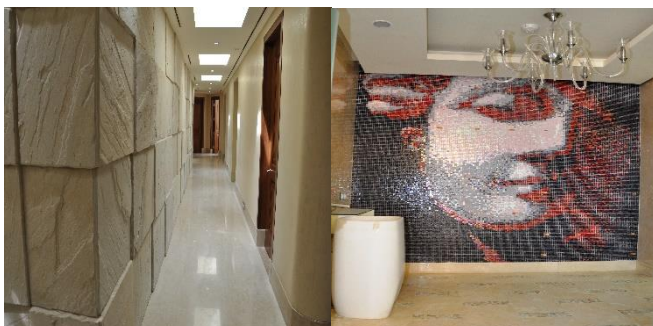

The Master Builders Solutions brand expresses MBCC's expertise in providing customized chemical solutions for new construction, maintenance, repair and restoration of structures.

Master Builders Solutions is built on the experience gained from more than a century in the construction industry. At the core of the Master Builders Solutions brand is the combined know-how and experience of a global community of MBCC construction experts, who connect with you to solve all of your construction challenges.
