Eastern Company for Tobacco Tobacco Industry

The background

The customer is the only cigarettes producer in Egypt and the project was planned to relocate all tobacco production in this new factory

6th October Factory was one of the biggest project built in Egypt. The project's area was 9 km² consists of 12 buildings with 220,000 m² epoxy flooring

The challenge

It was very big project and very tough competition.

The project duration was three years dealing with two big applicators, lot of workers and lot of details was not easy, Master Builders Solutions Construction Chemicals face this challenge and doing well

Project Profile: Tobacco Industry

Our solution

For 6th October Factory MasterTop 1210 was selected for production area (Philip Maurice and British American Tobacco) and Mtop1205 was selected for warehouses

For Borg El Arab Warehouses MasterTop 1210 was selected for warehouses flooring

Customer satisfaction

The owner and the consultant were very satisfied with the performance & installation of Master Builders Solutions Construction Chemicals Flooring systems

Advantages at a glance:

- Excellent wear and abrasion resistance
- Easily applied
- Smooth high gloss finish for hygienic applications
- Good general chemical resistance
- Limited maintenance
- Attractive Colours
