ECG

Market sector:

Textile

Gulsan Factory

Nonwovbale textile factory

Products used:

Ucrete MF, MFAS

The background

Gulsan is a Turkish company that is using the Ucrete in every factory they have.

The challenge

- The customer need to apply the floor very fast he has a very tight schedule.
- He need to apply special system not to maintain for a long period.
- He was preferring to get the material from Turkey and go with his usual applicator from there.

Gulsan Factory in Egypt

Our solution

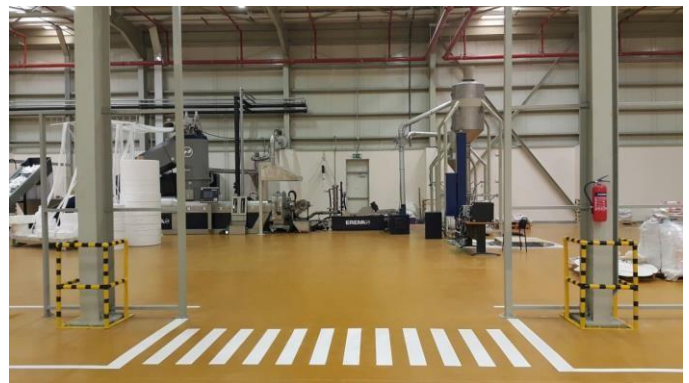

Master Builders Solutions Construction Chemicals advised to use the Ucrete MF (Xervon) as our applicator.

We tried with them for a very long period to convince them to go with our applicator and to get the Ucrete from Egypt.

Customers Benefit

A very good floor with a reasonable price and a local well trained applicator.

We did 2 phases and still one is remaining.

Project facts at a glance:

- Fast application
- Easy to clean and slip resistance
- Heavy Duty
- Non Tainting
- Long lasting
