Project completion:

2011

Owner/s:

Halwany Brothers

Applicator/Contractor:

Xervon and Protecta

Market sector:

Packaging

Products used:

Ucrete MF, Ucrete UD200

The background

Halwany is the highest quality for meat processing in Egypt

This is the meat processing new factory.

They asked for a heavy duty floor that can resist the wet and high chemical at traffic environment that the production need.

Also a Hygiene floor

The challenge

- The customer need to apply the floor very fast he has a very tight schedule.
- He need to apply special system not to maintain for a long period.

Ucrete in Halwany for meat processing

Our solution

Master Builders Solutions Construction Chemicals advised to use the Ucrete UD200 and to split the job between 2 good applicators (Xervon and Protecta).

Customers Benefit

We went according to the schedule and finished the job as planned.

We did the whole factory at the end with around 4000 sqm.

Project facts at a glance:

- Fast application
- Easy to clean and slip resistance
- Heavy Duty
- Non Tainting
- Long lasting
