Kobush for Packaging Printing hall

The background

Kobush is multinational company which is working in packaging and printing sector.

The customer decide to apply the printing hall area and with heavy duty flooring system

The challenge

- The customer need to apply an anti-static system under the printing machine with heavy duty flooring system
- He need to apply special system to maintain the printing hall area

Project profile: Heavy Duty flooring systems

Our solution

MASTER BUILDERS SOLUTIONS Construction Chemicals advised Ucrete MF anti-static, a heavy duty polyurethane concrete overlay system. The Ucrete MF was installed with 4mm thickness with sealants and covings used under printing machine

We also advised with combined epoxy system for all the printing hall area

Customers Benefit

Smooth, easy to clean floor

Heavy Duty

Shiny floor

Project facts at a glance:

- Fast application
- Easy to clean
- Heavy Duty
- Non Tainting
