MasterTop DTZ

### The background

This is the first Children's Oncology Building in the Middle East, build to serve children who are suffering from cancer. The design is really unique as no other building is just like it in Egypt.

Master Builders Solutions Construction Chemicals applied its decorative epoxy system MasterTop DTZ

### The challenge

- Limitless flooring patterns
- Freedom of colors
- Accuracy in applying materials as shown in the design
- Working side by side with a huge competitor company

## Project profile: Decorative flooring systems

### Our solution

Master Builders Solutions Construction Chemicals applied its Master Top DTZ decorative hygienic and anti-bacterial epoxy product with a high range of colours.

### Customers Benefit

Very high quality represented from our side, the customer was really quite satisfied with the very good application and he specified Master Builders Solutions Construction Chemicals for the floor application of the new branch for the Oncology hospital in Tanta
