

## FRIESLAND CAMPINA. Lagos State, Nigeria.

**Project:**

Friesland Campina Powder  
Factory Floor Project

**Location:**

Lagos State, Nigeria

**Project completion:**

2015

**Owner/s:**

Friesland Campina

**Applicator/Contractor:**

Cretech Global

**Market sector:**

Performance Flooring

**Products used:**

Ucrete MF

Our reference Lagos (Nigeria): Friesland Campina, Lagos

### The background

With the need to increase powdered milk production capacity in their facility, Friesland Campina, a global producer of dairy products needed a high performance flooring system able to withstand heavy traffic and chemical spillage.

After successful applications of Ucrete MF in other areas of the same factory, the customer was happy to proceed further, with the application of Ucrete MF

### The challenge

- Application was carried out in phases with proper dust control measures in place to avoid contamination of finished products, as it was not possible to stop production
- Application was carried out at temperatures around 32°C.

# Friesland Campina, Lagos

## Powder Floor

Our reference Lagos (Nigeria): Friesland Campina, Lagos

### Our solution

Ucrete MF was proposed due to its longstanding track record of use in the global dairy industry. It meets the required hygiene standards, its resistance to impact, and heavy traffic due to forklift movement.

### The customer's benefit

- Impact resistance.
- Chemical resistance
- Rapid installation.
- Temperature resistance
- Slip resistance
- Product is non-tainting
- Providing a full package of Master Builders Solution product specification, technical support and application requirements.

### Project facts at a glance

- Master Builders Solution provided the necessary technical support to enhance product specification and project execution.
- Product specification was tailor-made to client requirements and floor conditions.
- Project execution was carried out by a trained and certified Master Builders Solution applicator using appropriate tools for the job.

### Master Builders Solutions

The Master Builders Solutions brand expresses expertise in providing customized chemical solutions for new construction, maintenance, repair and restoration of structures.

Master Builders Solutions is built on the experience gained from more than a century in the construction industry. At the core of the Master Builders Solutions brand is the combined know-how and experience of a global community of Master Builders Solution construction experts, who connect with you to solve all of your construction challenges.
