Jabi Lake Mall, Game Store

Our solution

Master Builders Solution proposed Ucrete MF to meet the customer's specific requirements and the need for a fast-track application program. MasterSeal 470 was also used for the expansion and construction joints. A specialized flooring applicator was introduced by Master Builders Solution to reduce application issues and thereby reduce project completion delays.

Customers Benefit

- Impact resistance.
- Chemical resistance
- Rapid installation.
- Temperature resistance
- Slip resistance
- Product is non-tainting
- MBS product specification, technical support and application guidance.

Projects facts at a glance

- MBS provided the necessary technical support to enhance product specification and project execution.
- Product specification was tailor-made to client exact requirements and floor conditions.
- Project execution was carried out by a trained and certified MBS applicator using appropriate tools and equipment

Master Builders Solutions

The Master Builders Solutions brand expresses our expertise in providing customized chemical solutions for new construction, maintenance, repair and restoration of structures.

Master Builders Solutions is built on the experience gained from more than a century in the construction industry. At the core of the Master Builders Solutions brand is the combined know-how and experience of a global community of MBS construction experts, who connect with you to solve all of your construction challenges.
