**MasterKure<sup>®</sup> CC 300 SB (Formerly known as Kure-N-Seal<sup>™</sup> 30)  
Product Information Statement for LEED<sup>®</sup> v. 4 Credit Documentation**

MasterKure<sup>®</sup> CC 300 SB is a solvent based acrylic curing, sealing, and dustproofing compound for concrete for use either interior or exterior.

BASF Corporation certifies the following information for MasterKure<sup>®</sup> CC 300 SB:

**MR Credit Building Product Disclosure and Optimization—Environmental Product Declarations**

An Environmental Product Declaration (EPD) is not available for MasterKure<sup>®</sup> CC 300 SB.

**MR Credit Building Product Disclosure and Optimization—Sourcing of Raw Materials**

Raw Material Source and Extraction Reporting is not available for MasterKure<sup>®</sup> CC 300 SB.

Recycled and Bio-based materials are not used in the manufacture of MasterKure<sup>®</sup> CC 300 SB.

**MR Credit Building Product Disclosure and Optimization—Material Ingredients**

Material Ingredient Reporting is not available for MasterKure<sup>®</sup> CC 300 SB.

Health Product Declaration and Cradle-to-Cradle Reporting is not available for MasterKure<sup>®</sup> CC 300 SB.

**EQ Credit Low-Emitting Materials**

MasterKure<sup>®</sup> CC 300 SB has a VOC (Volatile Organic Compound) content of 646 g/L which does not satisfy the VOC content requirements of this credit for interior use.

Emissions Test Reporting is not available for MasterKure<sup>®</sup> CC 300 SB.
