**MasterProtect® EL 750 (Formerly Thorolastic)
Product Information Statement for LEED® v. 4 Credit Documentation**

MasterProtect® EL 750 is a water-based, 100% acrylic, elastomeric, waterproof coating for use exterior.

BASF Corporation certifies the following information for MasterProtect® EL 750:

MR Credit Building Product Disclosure and Optimization—Environmental Product Declarations

An Environmental Product Declaration (EPD) is not available for MasterProtect® EL 750.

MR Credit Building Product Disclosure and Optimization—Sourcing of Raw Materials

Raw Material Source and Extraction Reporting is not available for MasterProtect® EL 750.

Recycled and Bio-based materials are not used in the manufacture of MasterProtect® EL 750.

MR Credit Building Product Disclosure and Optimization—Material Ingredients

Material Ingredient Reporting is not available for MasterProtect® EL 750.

Health Product Declaration and Cradle-to-Cradle Reporting is not available for MasterProtect® EL 750.

EQ Credit Low-Emitting Materials

MasterProtect® EL 750 has a VOC (Volatile Organic Compound) content of 75 g/L which satisfies the VOC content requirement of this credit for exterior use on LEED for Healthcare and LEED for Schools projects.

Emissions Test Reporting is not available for MasterProtect® EL 750.

Respectfully,
LEED Administrator
