**MasterTop® 1213 System (Formerly Selbaccoat III)  
Product Information Statement for LEED® 2009 Credit Documentation**

MasterTop® 1213 is a high-build epoxy flooring system with epoxy topcoat for use interior.

The system is created using the following components:

- MasterTop® GP 500 Pt A
- MasterTop® GP 500 Pt B
- MasterTop® PGM 500
- MasterTop® TC 504 Pt A
- MasterTop® TC 504 Pt B
- Broadcast Aggregate

BASF Corporation certifies the following information for MasterTop® 1213 System:

**Recycled Content**

Recycled content of the MasterTop® 1213 System components is not available at this time.

**VOC Content**

MasterTop® 1213 System epoxy components all have a VOC (Volatile Organic Compound) content of 0 g/L.

**Rapidly Renewable Materials**

MasterTop® 1213 System component **MasterTop® GP 500 Pt A** contains **5.6%** by weight rapidly renewable material.

Based upon the above information, BASF Corporation certifies that the MasterTop® 1213 System could contribute to the following LEED Credits:

**MR Credit 6:** Rapidly Renewable Materials  
**EQ Credit 4.2:** Low-Emitting Materials: Paints & Coatings
