## Maximum Motorsports Motorcycle Dealership

Our reference in Ottawa, ON (Canada)

### The background

Having worked with Maximum Motorsports in the past, the owners approached Applied Industrial Flooring Canada to help them transform 2,800 sq.ft. of old Terrazzo flooring into a refreshed, fun and aesthetically pleasing motorcycle dealership showroom.

The substrate was prepared by mechanical methods, strictly adhering to the manufacturer's written instructions. All imperfections were treated with an epoxy paste and allowed to cure to provide a smooth finished floor.

Master Builders Solutions MasterTop GP 500 was selected for its durability and diverse range of applications. The area was primed with MasterTop GP 500 to promote adhesion, followed by a second and final coat of MasterTop GP 500.

The layout of the lines was provided by the design team and approved before moving ahead.

### The challenge

The biggest challenge was making sure the intricacy of the design was done correctly, which meant additional prep work beforehand. Prior to beginning the coating installation, areas were masked off in between the different colors.

### Our solution

After the preparation work was carefully and correctly completed, the area was primed with MasterTop GP 500 to promote adhesion, followed by a second and final coat of MasterTop GP 500 in the selected colors.

### The customer's benefit (max. 800 characters)

- This floor will last for a very long time and will help the client direct foot traffic through the showroom in an aesthetically pleasing manner. The floor gives the space remark-worthy flair and fun.
- Extremely well executed finished product with incorporated design, as per architects' rendering.
- Customer Quote: "Wow you guys are artists. It's way better than I expected."

### Master Builders Solutions by MBCC Group

The Master Builders Solutions brand expresses MBCC Group's expertise in providing customized chemical solutions for new construction, maintenance, repair and restoration of structures.

Master Builders Solutions is built on the experience gained from more than a century in the construction industry. At the core of the Master Builders Solutions brand is the combined know-how and experience of a global community of construction experts, who connect with you to solve all of your construction challenges.
