

Quick Corner 6

PACKAGING

56 QUICK CORNER 6 pieces per dispenser box.

TECHNICAL INFORMATION

Consult the BASF Wall Systems Technical Services Department for specific recommendations concerning all other applications. Consult the website, www.wallsystems.basf.com, for additional information about products and systems and for updated literature.

**DESCRIPTION**

QUICK CORNER 6 is a premanufactured corner reinforcement designed for use with BASF Wall Systems fluid-applied air/water-resistive barrier products.

USES

QUICK CORNER 6 can be used to reinforce the corners of rough openings as part of a flexible flashing system. Rough openings treated with QUICK CORNER 6 and approved BASF Wall Systems' products can be integrated into a seamless air/water-resistive barrier and flexible flashing system.

If you have any questions regarding QUICK CORNER 6, please contact our Technical Services Department at 800-589-1336.

Features	Benefits
One-piece coverage of window corner	Consistent moisture protection
Conforms to out-of-square openings	Fast, easy, reliable application
Package dispenses like facial tissue	Convenience and speed of application
ICC-ES AC 148 compliant	Meets building code requirements
Designed for commercial window sizes	Provides air barrier continuity

Application:

Step 1
Liberal apply fluid-applied BASF air/water-resistive barrier material.

Step 2
Take a QUICK CORNER 6 from the dispenser box.

Step 3
Place the QUICK CORNER 6 on the BASF fluid-applied air/water-resistive barrier material.

Step 4
Completely saturate the QUICK CORNER 6 with BASF fluid-applied air/water-resistive barrier material.

WARRANTY

BASF warrants this product to be free from manufacturing defects and to meet the technical properties on the current Product Bulletin, if used as directed within shelf life. Satisfactory results depend not only on quality products but also upon many factors beyond our control. BASF MAKES NO OTHER WARRANTY OR GUARANTEE, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO ITS PRODUCTS. The sole and exclusive remedy of Purchaser for any claim concerning this product, including but not limited to, claims alleging breach of warranty, negligence, strict liability or otherwise, is shipment to purchaser of product equal to the amount of product that fails to meet this warranty or refund of the original purchase price of product that fails to meet this warranty, at the sole option of BASF. In the absence of an extended warranty issued by BASF, any claims concerning this product must be received in writing within one (1) year from the date of shipment and any claims not presented within that period are waived by Purchaser. BASF WILL NOT BE RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL (INCLUDING LOST PROFITS) OR PUNITIVE DAMAGES OF ANY KIND.

Purchaser must determine the suitability of the products for the intended use and assumes all risks and liabilities in connection therewith. This information and all further technical advice are based on BASF's present knowledge and experience. However, BASF assumes no liability for providing such information and advice including the extent to which such information and advice may relate to existing third party intellectual property rights, especially patent rights, nor shall any legal relationship be created by or arise from the provision of such information and advice. BASF reserves the right to make any changes according to technological progress or further developments. The Purchaser of the Product(s) must test the product(s) for suitability for the intended application and purpose before proceeding with a full application of the product(s). Performance of the product described herein should be verified by testing and carried out by qualified experts.
